

If safety and reliability are important for you – genuine NEUTRIK **powerCON**® connectors.

Neutrik  
superior quality  
innovative solutions

In today's market **powerCON**® products are copied without quality or reliability of a genuine Neutrik original. The difference cannot always be seen at first glance, but if you have a closer look and compare the technical data, the difference is more than obvious.

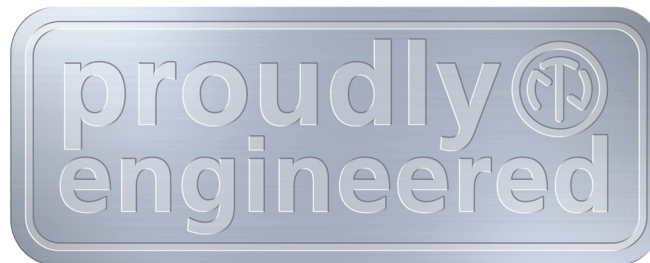

Genuine Neutrik **powerCON**® connectors – there is no substitute.
